Dear Sponsor Of Korean Children: Chicago, Ill.

Greetings in our Saviour's dear Name.

I am enclosing my general SOS letter to my mailing list, but have a special message for you who now are faithfully supporting one or more of our dear orphans. Believe me when I say I thank you and God over and over again for your interest and fine help. Without it we would have no such work in Korea today. May God bless and reward you richly.

Recently 3 parties have interested someone else in "Adopting" one of the children. In each case they were thrilled and blessed, and told a friend or organization about it. This resulted in 3 more sponsors!

It occurred to me that many others could do the same thing. Just think, if each one did that, we could care for twice as many homeless children and win each one to Christ! This too, will help to solve our immediate problem and need.

So, may I urge you to give this serious and prayerful consideration. I'll be glad to write to such persons or organizations, stating the plan and giving them a copy of "Korea Crusade". Better yet, you show them your copy and your boy or girl. Then get their commitment and I will send them their "Adopted" orphan, with picture, case history, etc.

I want to thank you who found it possible to respond to my appeal to increase your monthly support from \$4 to \$5. It has been a real help. Thank you for being a co-laborer in the gospel with me.

Please pray for this other letter as it has gone out to hundreds, that God may touch many hearts.

Cordially and Sincerely in Him,

Everett F. Swanson
