Executive Vice President

DR. BOB PIERCE, President

= November 22, 1965 =

Dr. G. A. Hemwall  
839 North Central Avenue  
Chicago, Illinois

Dear Doc:

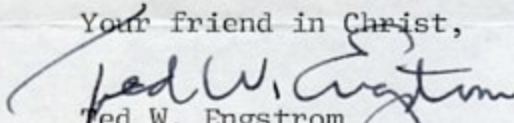

We were, of course, grieved to get the news of the Home-going of Everett Swanson. We know this throws a tremendous burden upon you and the staff there as you seek to give direction to the work in this time of transition.

Be assured, Doc, that we here in World Vision stand ready to help you in this situation in any and every way possible.

Dr. Pierce is out of the city just now, but he would want me to extend both greetings to you and his keen sympathy with the members of Dr. Swanson's family. Be assured of his interest in your responsibilities for these days and desire to be of whatever help he can.

God bless you! I deeply appreciate your fellowship and friendship.

Your friend in Christ,

  
Ted W. Engstrom  
Executive Vice President
