

Dear Christian Friends:

I have a marvelous opportunity to offer to only 14 people of the thousands who will read this. Hence this special letter at this time.

Rev. Robert Rice, my very dear missionary friend in Korea, founder of the Christian Revival Fellowship in Korea, who has a burning zeal for lost souls like few men today, has just written me about a wonderful opportunity and challenge. He has 20 young men who are trained and ready to go into rural areas, totally unevangelized, willing to live a life of complete self-denial while preaching the gospel, winning converts and establishing a Christian church in that community!

He tells me that these young men can get by on \$10 a month salary!! They will work night and day to bring Christ to these spirit and idol worshiping people. We will promise them support for 1 year only beginning with Jan. 1, 1958, and expect that they will in that time win converts and establish a self-supporting church, probably constructing their own building too! (We have seen this happen many times in Korea) Rice writes "Going over the Evangelistic Committee's report, it is a great pleasure to see how many churches have come into being thru your help to Christian Revival Fellowship by sending out rural evangelists."

Now--would you like to have your own full time missionary working in this war torn land? Would you like to know that a self-supporting church in this war torn land had come into being out of heathenism because of your support? You can have such a thrilling experience if you will just write to me just as soon as possible saying you will trust God to supply your needs after you give just \$10 a month for 1 year to win many to Christ.

My friends, God has spoken to me about this matter. I'm so thrilled with this opportunity, that my wife and I have decided to "tighten our belts" a bit more, and already have written Rev. Rice that we will support 5 of the 20. (We already have one evangelist doing a great job (\$20 a month) and 3 orphans, and give more than a tithe to our own church and missions.) So, we try to practice what we preach, God helping us. Many American churches or even individuals, could easily send out 10 of these men! (And keep up all other commitments too) One family has already asked to support one of these men. So there are 14 left.

You will receive "your missionary's" picture, life story, personal testimony and mailing address. Monthly you will receive a report of the progress of his work, etc. What a thrilling experience!

Perhaps some would like to give $\frac{1}{2}$ support (\$5 per month). We can arrange this too. So, let me hear from you right away so we can get all the particulars worked out in Korea. Perhaps you could send the first months support too, for we will send for January on Dec 1st. (We must pay in advance so they have something to live on.)

We have just had wonderful meetings in Rockford, Ill. (37 professed conversions in 5 days and many other decisions) and now a blessed beginning here in Denver. Please pray for us.

Oh, yes, thanks for your prayers. I have gotten peace about accepting the invitations to return to Korea for my 4th evangelistic tour next Spring. I'll tell you more about that later. Keep on praying. Great things are ahead. I know most of you reading this cannot do more but you can pray-bless your hearts. Some could help a little with the incidental expense of this evangelists program, for every cent of the \$10 will go direct to the evangelist in Korea. God bless you richly.

Very Sincerely in Christ,

Everett F. Swanson

"The Harvest is plenteous, but the laborers are few, pray ye".
