

Important letter to all Directors of Home.

(Date)

Greeting in Christ's dear name.

I am faced with a problem of many sponsors of children ~~giving~~ ^{stopping} all their support for the child. In most cases, it is because they have not received any answer to letters sent, or any acknowledgment of parcels sent. I have written to some of you about this before, but now I write to all Directors. I believe that most letters + parcels are promptly acknowledged. But some are not, some may be lost, or stolen.

- 1) Be ^{very} sure that every letter + parcel is acknowledged within 5 days. If child is too young to write, or refuses to do so, have some adult write for him. Do not need to use air mail. It is very expensive. But always use air mail when you write to me.
- 2) Be sure to include with your monthly financial report, a list of parcels received during the previous month. This list should show number and name of child, How many parcels he received, name and address of sender and date received. If no parcels were received during the month, then write saying "No parcels received". Some parcels will be addressed to the Home - not to any child. Acknowledge the same way.
- 3) Some directors take a picture of the child wearing the clothing - or holding the parcel + send it to the donor. This is very good.

When people get the pictures it makes them happy and they will want to send more parcels. When you do this, be sure the child is smiling & looking happy! The film costs money, but it pays to do this.

4 - ^{together with each monthly financial report, I would like a personal letter from you, telling of the life in the Home, special things of interest, etc. I need pictures from time to time too.}
4) Do you have a sewing machine at the Home?

If not, write me about it. I may be able to get you one.

5) On Nov. 1st I will send ^{for to} ~~to~~ every Home ~~\$7.00 extra~~ for each sponsored child an amount equal to \$1 ~~for~~ per ~~each~~ child. This will be extra money ^{for Christmas happiness & cheer.} ~~to be used for~~ Special attention should be given to children who do not receive parcels from their sponsors.

6) I expect to be in Korea April 10 to June 15, 1958 and will want to visit every Home, meet all Directors, the Boards, the staff and of course, all the children. Much of my time will be spent in conducting area-wide evangelistic services.

May the dear Lord bless you with daily wisdom, strength and grace for your great task, and supply every need.

With Christian Love,

I haven't heard from one of you directors for several months!
