Dear Daddy,

Greetings to you in the name of our Lord. How are you in this beautiful season of the year when the whole world became green and beautiful flowers are blooming? I am happy to study hard by your kind love and help as well as God's love. Please forgive me that I didn't write to you oftener though I had your letters often. Now I am happy to write to you because you will surely be happy to read my letter far away in America. Now I am going to tell you about my life in the month of May.

In our school we had a big festival from May 20 for a week and it was our school 68th founding anniversary. We had various events such as academic debate, motivational inviting sermon delivering contest, the literary night, the night for remote and fishing villagers, hymn-singing contest, charity bazaar under the sponsor of girl students and the forum of Sunday school teachers. We also had athletic meets on May 23 and 24 all day long and we had a lot of games and our class won 2nd place. Our school is the largest seminary school in Korea and it's leading school in all denominations in our country.

Dear daddy, I would like to study in your country someday by studying harder. Please pray for me. We had a revival meeting in our school from June 3 for 5 days which was led by a wonderful pastor and it was very gracious one. We shall have the final exams from July 8 and enter our summer holidays from July 11. I am going to make a lot of plans to visit many villages to lead the summer Bible school. I am going to join the Christian crusade team to preach the gospel of our Lord.

Dear daddy, I am going to write to you oftener. Now I miss you so much. I will enclose a picture of myself to you in this letter. It was taken in front of our school gate (front gate). Now I am pretty good at taking pictures. Dear daddy, I am not in want of money as you send me \$31.5 monthly. At first I give thanks to the Lord and then I am very grateful to your kind love and help. Dear daddy, please let me often. That's all for today. I hope to write to you again. Good-bye for now.

With love,

Dear Daddy,

The leaves became greener and summer is really a happy season. Are you interested in your life so much in good condition in His love? Here in Korea your Korean daughter is making a happy life by God's love and daddy's prayer and help. How are you getting along nowadays? I think now is a good and nice season to travel and I wonder if you have some nice plan to do this summer.

Dear daddy, we entered the summer holidays but I am very busy with a lot of work and I shall have to visit many places. Some of my plans during this summer holidays are that I will attend the mountain revival meeting from July 20 for five days and then I will visit and serve some churches in farm villages from July 25 to August 25. We are sent to the village churches by our school and we must visit the village churches at least every four years. The church I am going to visit has about 90 members and I will lead Sunday service, Sunday school for children and morning prayer, as a Bible woman for a year from now on. I know it is very hard for me to do this kind of work, but I am going to go there with faith. Please pray to the Lord for God's work that I am going to do. I'm going to let you know all the things in detail what I do.

Apollo 11th Spaceship will go up for the moon today, July 16 at 10:32. People are hustle and bustle to see the shooting of Spaceship Apollo 11th. We also listen to it over the radio. Dear daddy, now we came to know the power of science became great like this.

Here in Korea, we are in rainy season and I kill time by reading Bible and playing the piano continually. I am going to do my best for His glory by learning anything if it's helpful to spread the gospel. Dear daddy, I pray that you are making a hopeful and happy life by trusting in Him steadily. Un Ja will pray for you who love me. May God bless you richly. I hope to write to you again. Good-bye for now, dear daddy.

With love,

Dear Daddy

1970, 10 (September)
October

The month of September when I was very happy to meet you is already gone and now we are in the month of October when the leaves are falling.

How nice it is that I got your letter, saying that you arrived in Japan safely and met Hiroko and Michael.

It is only 10 days since I parted with you but it seemed to me that it is quite a long time. By your kind love and help, I am making a satisfactory life. Now I am writing to you, recalling everything with you in Seoul.

First of all, I gave thanks to God for the opportunity of meeting you.

In fact, I was very happy indeed with you for several days. When I found much more pleasure of meeting you than I imagined of you, I felt that I would like to live with you without parting.

But right now your present condition

and mine cannot be available to live together, I think. Your unja's mind was very sorry when you left Gimpo Airport.

Though I was trying not to cry before you, my eyes were full of tears when your plane left Seoul. Your unja was waiting on the farewell stand till the airplane left and I didn't know my friend was watching me.

On my way home I was thinking of the bible verse you gave me on the bus (on my bus). All of a sudden, I thought that the only way I can live with you and do much work for His glory is to pray, read the bible and study English hard.

Since then I get up at 5 in the morning to pray at the praying room and read the bible.

I am also studying at an English Institute for an hour at 6:30.

In my busy life I think of you often and try to study hard. When I meet you again in the future, I hope to

Speak to you in English for myself.
I also look at Michael's photo often
which you gave me and feel to play
with him if I were near him.

Dear Daddy, as the love of our
Lord is plentiful, I move when I think
that God chose me as a servant of God
though I am nothing.

I hope to write to you again.
Please give my best regards to
mother, Hiroko and Michael.

May God bless you richly in your
work.

With love.

Dear Daddy & Mama

I'm very happy to received a nice letter from you & enclosed pictures, they looks very beautiful among the most I preserved. I really love them and I could feel that how much you love me as your real daughter. Many thanks for your much love and kindness. I am very very happy to met you even a short time in Seoul. I never forget about it.

Daddy, I need your advice and please let me know much more about the Bible. It is really help & guide me to the right way. I am very interesting to read the Bible but sometimes I can not understanding well by myself.

Daddy, winter has coming here in Korea and almost leaves on the tree falling on the ground. It seems much alike with Japan.

Daddy, I am going to tell you about your dear family. when are their birthday? Both your wife and son? I only knew about you, I remember that your birthday is 17th November is it correct? I hope so.

Next Sunday, we will be celebrate the thanksgiving

November 30, 1970
in Seoul.

Dear Daddy,

The winter is nearer and I feel that coming of our Lord is also nearer. I am trying to make a worthy life day by day. I was very glad to receive and found in your letter that you are going your letter and the pictures of mine which you kindly sent to send me a radio/tape recorder. I was really happy to hear it. Thank you so much, Daddy.

How are mother and Michael in His love nowadays. I am very well and happy for your kind and love. After I wrote you, I had been ill for about ten days. So I went to the hospital and consulted with a doctor of my trouble and the doctor said that I am a little hypertension and I was rundown and I had also a headache and I need some rest. He ^{also} said that I think of something too much. He advised that I have to stop studying for some time. Now I am ~~most~~ all right with good medicine and prayer. I am busy preparing the final exams conducted from December 4th-10th.

I thought your love can give me much help and I can in safety because I think I shall be able to

study a lot of time with the tape-recorder during the winter vacation, instead of going to an English Institute. And so I went to Compassion Seoul Office and showed them your letter. But to my surprise they told me that it is impossible, as the customs law has been changed recently and even the foreign missionaries in Korea must pay a lot of tax. If it is an article, whose price is more than \$10, the tax will be imposed as much as its price. I think the best way is to send money to me but to make matters worse you already bought a nice tape-recorder/radio.

In fact I should like to have the tape-recorder which you already purchased. If there is some one who come to Korea, you may ask him to carry it to Seoul Compassion Office and then it will be handed to me. I don't know which is the better way. It is the tape-recorder that I want to have, not money. I fully understand your mind.

We shall have 3-month-long winter vacation from December 11th to March 3th. And then I have to leave my dormitory on December 15th. But I can't decide ~~ed~~ where to stay, in Seoul or in the country. Please use my dormitory address even though I was

not going to stay in the dormitory which is closed during the winter ~~and~~ vacation. My dormitory mother send your letter to me as I contact her from time to time. I hope to let you know my address (vacation address) later.

May God bless you and your family richly
your work.

As you know, I shall be graduated from the seminary next year and it's just one year left. I will do my best in studying and serving for His Glory in this one year. I'll take all my anxiety and future to God and I will be absorbed in my studies. Please continue to pray for me and my future.

Now I am enclosing my academic record which is not good, in my letter but I hope I will try to make a good academic standing next time. Now I will tell you something about my school expenses and living expenses below.

Dear Daddy,

I was very glad to receive your letter and find that you and your family are all well in the grace of God. But I am very sorry to make you waiting for a reply from me for a long time as I was away in these days. It is more than 20 days since your letter arrived at my dormitory.

As a matter of fact, I was very busy attending Teachers' Training held (July 18-19) at Won-il church and Summer Bible school (July 26-31) and I taught the Sunday school teachers at Dackok church, 6 hours' side from Seoul. (Aug 2-11) And I had another Summer Bible school at Juam church, 3 hours' side from Seoul (Aug 9-11). Mean while I was away from the dormitory and also I had ~~no chance~~ to drop in on the dormitory. Now I can find some resting time and also try to try to answer to your letter. I dropped in Seoul on Aug 16 and I was handed your letter by our dormitory superintendent.

I am sorry that I couldn't answer sooner. Consequently I couldn't help you sooner. If I had told you my church address, you

would have written me directly during this summer.

Daddy, your kind letter gave me strength and courage for further work of God. I will try to communicate with you oftener. I was very glad to receive your gift money, \$20 which you sent through the Compassion office on July 14, 1971. and I bought a suit of one-piece and the New English Bible dictionary with the money. Thank you so much for your kind love and gift money.

Daddy, The pastor of Youngnak presby. church promised me the other day that they will lend me the books for 2 months and I will send you the books as soon as possible. Please use me when your need.

Daddy, we had a really wonderful Summer Bible school at Won-il church by your help and prayer. Two hundred and nine children came to church to hear the Gospel. and new revival meeting such as early in the morning prayer and Wednesday night Service, arose through the Summer

Bible school. I am sure these all ~~these~~
blessings came from God through your
prayer. please, continue to pray for me.
Our school opens on Sept. 1, now I have
some heavy responsibility in my last
semester. We have to register from Sept.
1-4. you told me that you would send
me the money for my register soon and
shall I wait until then?

I think I couldn't study English so hard

Dear Daddy!

In the fall everything is full of beauty and so it looks many people have delight-time in this season and the nature represent God's power. I was very happy to received your letter and so torable to know that you were injured by an accident. It shocked me but praying for you and hope that it will be healed so quickly. also, I'm praying of your mother.

Daddy! Recently how about your right arm? I thanks you so much with the drop tear because I found in your letter that deeply warmth of your love. I ~~have~~ known you ^{haven't} ~~always~~ (thinking about me) forgotten me.

Daddy! I'm very happy to hearing from you that Michael is fine and growing very big. and I miss Michael very much now. ^{daddy!} I'm just fine very well. and I couldn't so many study English and God's word because I'm very busy for the His church's ^{service} (work).

Dear Daddy,

November 3, 1973.

Now we are in the season tinted with the beautiful colors red, yellow and orange. The mountains are also clothed in red, yellow and orange. We smell the fresh air of the autumn. There all represent the profound creature of God.

Daddy, How are you, mama, Michael and Marico in His love? My family and I are all well in His love. I am very ~~ashamed~~ ashamed of not writing to you for a long time. I hope Michael and Marico are doing well in their studies and they have much grown up. I think the pretty Marico plays in a lovely manner before you. I envy them. I continue to pray for you all, thinking of daddy. I miss you all so much and the mind I want to see you is increasing in my mind. but I could not write you sooner with such and such Circumstance.

Now I am going to tell you all the things happened around me for these past several months. I have been busy doing a lot of works for church and household besides helping my husband.

as for my husband, he got an operation on
appendicitis on Aug. 17, 1973. Sept. 13th is
also my unforgettable day, when I was
given the gift from God and my life was
saved by Him. I gave birth to a twin
babies named Un Hee and Un Sang respect-
ively. They were strong enough to be
delivered when they were in the womb,
but I was too weak to deliver them and
so I had a Caesarean operation for their
delivery and the operation was successful
but I had soon suffered from eclampsia
and I fainted two times with eclampsia
and it surprised the doctor so much.
All the church members prayed for me
and helped me with the money offered for me.
Now I somewhat recovered from my
illness and I took a pen to write to you.
I think I have to work hard for Him
as He loves me so much and saved my life.
God gave me the responsibilities (jobs) of
helping my husband studying theology and
~~also working for my~~ raising my two babies.

and also working for my church, please
continue to pray for me and then I'm
sure I will perform all these things.
I am trying to devote myself to the God.
on 29th day after their birth, I had their
picture taken. Now daddy became grandpa
to them. Though we are far away one
another, we are living happy. I am
looking forward to hearing from you
soon. Good-bye for now, dear daddy.

with love,

Un Ja, your daughter,

Dear Daddy, God blessing to you doing everything very well.

with love

Your *Daughter* mmjd.

Dear Daddy !

Even though weather is very cold, it is a very pleasant month in which Jesus Christ was born. I was very happy to receive daddy's letter. But while I received your letter, I felt very sorry for myself, because UnJa who has got love from you is not doing her responsibility toward you. I remember that your birthday is on November 17. I went to a shop. But daddy please forgive me for not even sending a card even though I knew your birthday. After I read Daddy's birthday, I thank to God. I was happy that you have a new job with a good health. I have prayed for you. I am a little bit frustrated that you are delayed to meet UnJa because of your tight schedule which prevent to visit Korea.

Daddy ! I like to run to you right now. If I have a passport to visit Japan, I would like to see you right now. Please daddy help me. I am going to meet you. I don't thank you understand how much UnJa wants to see you. I don't remember my father who gave a birth and never saw his picture. I know nobody but only you who has brought me up. You are the only person whom I would like call out. I can not forget you forever because you had helped UnJa's growth and I was also comforted with your aid. When I was kid, I could not understand your love very deeply. But when Woonja married and had her children, I felt to get your love more and more.

Dad ! please invite me. I would like to go to Japan. My husband permitted me my wish. Even though there is a barrier in language.

I would like to see your benevolent appearance. I will pay for all expenses. Dad! Please be a healthy. I hope mommy. Michael and marico are all peaceful.

Here in UnJa's family is well now. Our church is Ok as an abundant church every day. Our church has nine years to exploit. As you might remember that UnJa's dream was to be missionary, God send UnJa and her husband to Kang Suh District as a missionary. Therefore, God gave them a church in result of conveying the gospel. At the beginning, our church was the only place where our family got-together to pray. I used the hall in our house. I preached the gospel to children. Then I preached the gospel to their parents as followers of Jesus Christ.

This is all that I learn from Paul who said " All I am doing through kindness of Jesus Christ." UnJa is like to learn more and more missionary works.

I have many friends who study in America, and they are studying Ph.d. The construction works for our church have been finished. We moved to our new church house. Our church is smaller in building structure and number of christians than the Yeong Rak Presbyterian Church you might remember. The whole site for our church is three hundred and twenty pyung, and the floorage covers two hundred pyung.

We have around five hundred persons as the prime of the life; sixty persons as a youth; one thousand persons as middle and high school student, three hundred persons as elementary students; one hundred and twenty persons as kindergarten, Fifty persons as children. Therefore, we have one thousand one hundred and ten persons. Our church does not a relationship with American presbyterian church. Our church is one of the church association in which it has the most prosperity:

Seminary is the biggest one: the number of church and christians are more than any other sects. Until 1956, our church has a same doctrine with Yeong Rak Presbyterian church. But our country theologian in 1957 organized a conservative presbyterian group for the purpose of maintaining more Conservative church than Yeong Rak Presbyterian church, and it has brought us more development. Our church belongs to this group. My husband graduated the most conservative seminary. Woonja's faith is also consistent conservative faith. It is a group of meeting to live as Bible said. Daddy! I am very sorry that the presents in which Hamilton Missionary sent was not arrived and was to get lost.

I was going to send a present to you as a birth of Jesus Christ and your birthday but it wasn't good enough to permit me to do so. In stead, I went to the bank to send money but I couldn't do it because they said it is against the law. The only money we can send money abroad is for students who study off the country. Therefore, I had to go back home without doing nothing. Please understand that my letter and a card are only presents which represent my sincerity with my family. Our church takes up a collection of contributions for the world missionary work. Also, we are helping two places with material aid. We make a contribution to H.L.K.Y. broadcasting station for a radio missionary works every month. On 3rd sunday(Dec.16), Keck Dong Broadcasting Station recorded our present church worship conditions on video tapes and will convey a happy news of the gospel to everybody.

I hope daddy is praying continuously. I would like to introduce my family at present. My husband is studying Ph.D in clergy. He will finish all the courses on Dec.14, this year and will write a thesis next year. The twin sisters, Eunhi(Elder) and Eun Seung, will finish 5th grade and Kwoang cheon will 1st grade.

Eunhi is studying Piano and Eun Seung is studying Violin. Kwoang Cheon is doing a vocal music very well. He went to a good school by drawing lots and last October, he got a silver medal in individual Song Competition among 300 persons. I believe in God's kindness Kwoang Cheon has a dream to be a minister by succeeding his father and is a son by praying.

Un Ja is very tired of busy works. I am always busy in doing of family affairs and missionary works to children. However, I am able to make my time to visit Japan. Could you send me an invitation letter? It is possible? I would like to see you by all means.

I hope to see you soon. May God bless you.

Sincerely yours.

Your Daughter, Un Ja
